

High Demand Job Training Grant

Overview

This grant is available to high school Career and Technical Education (CTE) programs in school districts across the following counties: **Bailey, Lamb, Hale, Floyd, Motley, Cochran, Hockley, Lubbock, Crosby, Dickens, King, Yoakum, Terry, Lynn, and Garza.**

Eligible Uses

Funding may be used to purchase **equipment** and **supplies**, with **priority given to equipment requests**.

Examples of eligible equipment:

Welders; Commercial ovens; Healthcare training mannequins; Ironworkers; Saws, drills, wood lathes; Drones

Examples of eligible supplies:

Welding gloves, Certification exams, Software, iPads, computers, electric car repair supplies

Note: Consumable supplies **may be requested** but are **subject to final review and approval**. **Priority will be given to durable equipment items.**

Application Guidelines

- Schools may apply for multiple CTE programs; submit a **separate application and budget** for each.
- Include the following in your application:
 - Completed budget with itemized costs
 - W-9
 - Signed application including:
 - Contact information
 - CTE program name
 - Number of students trained in the first year
 - Industry certifications offered
 - Internship opportunities
 - Dual or articulated credit options

Ordering Equipment and Supplies

The Texas Workforce Commission requires a **minimum of two (2) quotes** for all equipment and supply purchases to ensure cost-effectiveness and compliance with procurement guidelines.
